

# Twisted Flexible Electric Wire 450/750 V

## Twisted Flexible Electric Wire

## Twisted Flexible Electric Wire 450/750 V

Electric Wire for Connection for Electrical Appliances

### Application

The products are suitable for power installation fixed wiring or flexible connection for electrical applications with rated voltage up to and including 450/750V respectively

### IEC 60227

Conductor: Class 5Copper  
Insulation: PVC

Section	Max. Wire Diameter	Insulation Thickness	Overall Diameter	Cable Weight	Electrical Resistance
mm <sup>2</sup>	mm	mm	mm	kg/km	DC,20°C Ω/km
2X0.5	0.16	0.8	6.0	22.0	39.0
2X0,75	0.16	0.8	6.2	28	26.0
